

T00 Changeable output plug system for power supplies

GlobTek offers inventory with our T00 plug system. This novel system allows for rapid shipment of prototype samples or small quantities of common output voltage and current which can fulfill the needs of most common barrel plug specs. The table below explains the standard and non standard options available as part of this system. This system also allows for both Center Positive and Center Negative polarity.

The T00 adapters are not removable without use of special tool.

Overmolded versions of these and more options also available with premium cost and lead time.

PART NO.	CROSS REFERENCE	OUTER DIAMETER	INNER DIAMETER	PI N	LENG TH	FORM FACTOR	MALE/FE MALE	INCLUDED IN TOO KIT	TIP COLOR
T-K-11-	Philmore®	3.5	1.3	-	11	STRIAGHT	Female	x	Blue
