

ASR00024-5 5x3mm

ASR00025-5 6x4mm

DESCRIPTION

What project would be complete without magnets? These magnets can help you do anything from hold something shut, to detecting the position of something with a hall effect sensor.

They're neodymium magnets, so don't let their small size fool you. They pack a big punch!

We have two sizes of magnets available, 5x3mm and 6x4mm

This listing is for a pack of five (5) magnets.

TECHNICAL DETAILS

Dimensions

5x3: 5mm Diameter, 3mm Thick

6x4: 6mm Diameter, 4mm Thick
